NANUKTM
PROFESSIONAL PROTECTIVE CASES

World's best protective case

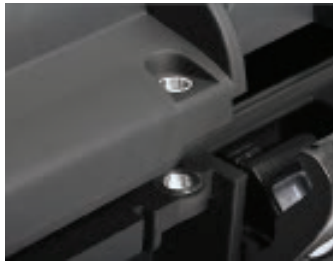

Photographers, videographers, drone pilots, and enthusiasts trust NANUK to protect their expensive drones. The NANUK Drone series is designed to provide aircraft, controllers, batteries, and accessories the maximum level of protection in custom-made protective cases. Each case features high-quality, pre-cut, closed-cell foam that specifically fits popular DJI™ hobby, professional, and enterprise drone models.

Built to organize, protect, carry and survive tough conditions, NANUK waterproof hard cases are impenetrable and indestructible with a lightweight, tough NK-7 resin shell and PowerClaw superior latching systems. With NANUK's exclusive locking and latching system, the case stays shut and secured until it's ready to be opened. Each protective case comes with a soft grip and ergonomic handle to make it easy to transport. They also feature stainless steel hardware, and handles are spring-loaded and retract to keep them out of harm's way. All NANUK cases are MIL-spec, equipped with an automatic pressure release valve, and are backed by a lifetime warranty.
