OUTDOORS SERIES

■ nanuk.com

World's best protective case

Time outdoors, camping, mountain biking, RVing, on the water in a kayak, canoe, SUP, sailboat, powerboat, personal watercraft, or diving is a bit of heaven. It's pure fun, relaxation, exploration, freedom, and adventure, all at the same time. But, dirt, dust, water, and the sun can quickly damage valuable gear. Protect your first aid supplies, phone, camera equipment, iPad, drone, and more with a NANUK waterproof protective case. They float, are water-tight, secure to a bungy, fit in a glove box, cargo hatch, center console, or a storage compartment. Whether you prefer mountains, oceans, rivers, or lakes, every detail of NANUK outdoor cases has been refined and perfected to offer the utmost protection and performance.

Look no further than NANUK's indestructible waterproof resin shell and patented superior PowerClaw latches, and you'll see that our cases are built for adventure. Built to organize, protect, carry and survive harsh conditions, NANUK waterproof hard cases are impenetrable and indestructible with a lightweight, tough NK-7 resin shell and PowerClaw superior latching systems. With NANUK's exclusive locking and latching system, the case stays shut and secured until it's ready to be opened. Each protective case comes with a soft grip and ergonomic handle to make it easy to transport. They also feature stainless steel hardware, and handles are spring-loaded and retract to keep them out of harm's way. All NANUK cases are MIL-spec, equipped with an automatic pressure release valve, and are backed by a lifetime warranty.

NANUK FEATURES
