Designed to hold 6 watches, the NANUK 909 6-Watch Case is indestructible and built to protect and secure your collection. The protective high quality Cross-Linked Polyethylene (XLPE) foam interior is pre-cut to hold up to 6 watches and accessories. Keep your watches dust-free, dry and out of harm's way with the compact NANUK 909. The superior design makes it convenient for watch organization, protection and transport. Like all NANUK cases, the 909 is waterproof IP-67 rated, built with our MIL-Spec indestructible NK-7 Resin, and equipped with our PowerClaw superior latching system. Our lifetime warranty will make sure it protects your watches like no other compact case can. The NANUK 909 6-Watch Case has two reinforced metal eyelets that accommodate TSA-accepted case locks for additional security.
