## Available Cases Color(s)

Built to deliver maximum protection, the NANUK 930 custom protective case is engineered for the DJI Avata 360—a drone that demands the very best. Designed to organize, protect, and survive tough conditions, this waterproof hard case keeps the drone and all accessories securely in place, preventing movement and impact damage during transport. Its lightweight yet indestructible NK 7 resin shell, combined with NANUK's PowerClaw superior latching system, ensures the case stays firmly closed and secure at all times. Compatible with the DJI Avata 360 Fly More Combo or Motion More Combo (all sets sold separately), this case offers uncompromising protection for precision aerial equipment.
