

Introducing the NANUK 976 - The Pinnacle of Waterproof Protective Cases.

The 976, boasts a comprehensive set of features, including our sturdy two-stage retractable handle and four (4) robust polyurethane wheels equipped with stainless steel ball bearings for effortless mobility. It offers two versatile options to suit your specific needs: empty or with cubed foam.

The empty is ideal for those who prefer to customize the interior layout themselves or have specific items to accommodate, the empty option provides a spacious interior ready to be tailored to your requirements.

For added convenience and protection, choose the Nanuk 976 with cubed foam. This option features a customizable foam insert that can be easily tailored to securely hold and protect your equipment, tools, or valuables. Simply remove cubes as needed to create a snug and tailored fit for each item, ensuring they stay safe and secure during transport or storage.
